

# Automated Access Control

## Enhanced Ease of Parking

Remove all the inconvenience of waiting for Access Control Card utilization at carpark entry

## Robust & Proven

Highly robust to deal with variations in number plate font, size, colour & region-specific plates

## Highly Resilient

Excellent performance in extreme weather & environmental conditions

*"By removing expensive barriers to entry, cities worldwide can provide their citizens with a number of civic services, including fair parking and guidance solutions, as well as ensuring they are safe and clean places to live."*

**Subhash Challa, CEO, SenSen**

*"Parking officers can identify valid visitors within parking facilities through whitelists and blacklists."*

Secure Parking, New Zealand

*"Monitor and control all vehicles within parking facilities and alert security to vehicles of interest."*

City of Las Vegas, USA

*"The City Council wants to identify illegal parking faster to improve traffic conditions."*

Nelson City Council, New Zealand

*"GeminEye offers intelligence for parking enforcement and permit management."*

United Public Safety, USA

# Why Automated Access Control

## SOLUTION HIGHLIGHTS

- Fast card-less entry with highly accurate ANPR reading
- Reads reflective & non-reflective plates
- Advanced & patented VehicleDNA technology for accurate matching
- Consistent 98%+ performance in reading plates in both day & night
- Seamless integration with bollards & boom barriers

## AVAILABLE CONFIGURATIONS

- Low-cost, Android smartphone based
- CCTV-based solution

## KEY FEATURES

- AI capabilities on the edge
- Robustness to deal with variations in number plate font, size, color & region-specific plate types
- Resilient in extreme weather & environmental conditions
- Supports blacklist (wanted) & whitelist (approved) vehicle databases
- No external loops or triggers

## SOFTWARE AI FEATURES

- ANPR detection & plate recognition
- High-quality context images
- Vehicle direction
- Accurate information about vehicle type, make, model & color
- Video evidence

## ADVANCED APP FEATURES

- Cloud-hosted central Back Office System with web application
- Analytics dashboards & reports
- Plate matching, alerts & notifications
- Software Integrations with external parking payments
- Hardware integration with Bluetooth-controlled devices
